## Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can afford to give his goods free of cost. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

## The Biggest Hit of the Season!

Are our Serges and Linen Crash Suits. New York swell tailors are making up more Black and Blue Serges and Small Checked Worsteds this season than anything else, and we are always in touch with the fashions. We are showing the most beautiful lines of these goods imaginable. Tho' these Suits are superior in every particular and are well worth \$18 to \$22. Our policy of popular prices for first-class clothing prompts us to sell these elegant

## SUITS From \$8.50 to \$12.

Our trade in Men's and Boys' Fine Shoes indicates that the majority of our people want good footwear. We sell the very best makes only and warrant every pair we sell. ## Wonderful Bargains in Summer Fabrics.

In order to make room on our over-crowded shelves we have reduced all that is left of our great stock of French and German Linens, satins and silk striped Gingham, including the finest of Scotch Gingham to 20c and 10c a yard. These are all goods that have sold from 50c to 1.00 a yard, even some being of this season's purchase, of very choice design and superior quality. There is a limit to the quantity of course, but you can have your choice of 'em as long as they last at the ridiculously low price of 20c and 10c a yard.

### UNDERPRICED UNDERWEAR.

We purchase underwear in huge quantities direct from the mills. Hence we save you the jobber's profit that is included in the ordinary retailer's selling price. We show exceptional values in Ladies' Ribbed Vests at 5c and 10c; extra sizes 10c. Some great bargains in Ladies' Lace Vests at 10c. ### MASON SUITS.

The Court of Appeals Rendered Decisions in Two Well Known Cases.

The Court of Appeals Wednesday handed down decisions in two suits that are of local interest.

The case of Amos Riggs, who some time since in the Mason Circuit Court was sentenced to hang for the murder of William R. and Mandeville Boyd, and which was sent back for retrial from the Court of Appeals on the ground that evidence was admitted in the trial of the lower Court which was incompetent and prejudicial to the substantial rights of Riggs, advanced one step further. After this decision a petition was filed by County Attorney Frank P. O'Donnell, who assisted Commonwealth's Attorney Daum in the prosecution, for a rehearing in the higher Court, but Wednesday that motion was very promptly overruled.

Also, in the suit of the City of Mayville vs. Purnell, facts of which are fresh in the minds of the public, the motion for damages was overruled.

### MRS. R. F. GAULT.

Death at Shannon Last Evening of This Most Estimable Lady.

The death of Mrs. R. F. Gault occurred last evening at 9 o'clock at her home at Shannon.

She had been in failing health some time, and her death, which brings sorrow to many homes, was not unexpected.

Mrs. Gault was prominently connected with many of Mason's oldest and most respected families. She was a daughter of a most prominent citizen, the late John Cole, was 62 years of age and spent most of her life in this county.

Besides scores of relatives and friends, her husband and five children are left to mourn her departure, three sons—Messrs. William, Edward and Henry Gault—and two daughters—Mrs. I. N. Watson and Miss Daisy Gault.

The funeral will take place Sunday morning at 10 o'clock from Shannon Church, with services by Rev. W. H. Culvert, assisted by Rev. J. D. Redd. Interment in Shannon Cemetery.

### ABOUT BANK CHECKS.

The Drawer of the Check Must Put the Stamp On It.

Under the new Revenue Law a 2-cent stamp must be put on every check drawn on a bank, and no one is allowed to affix the stamp except the person who draws the check.

The law is as follows, and it is so plain that no one ought to misunderstand it:

"That if any person or persons shall make, sign or issue, or cause to be made, signed or issued, any instrument, document or paper of any kind or description whatsoever, without the same being duly stamped for denoting the tax thereby imposed thereon, or without having thereon an adhesive stamp to denote said tax, such person or persons shall be deemed guilty of a misdemeanor, and upon conviction thereof shall pay a fine of not more than \$100 at the discretion of the Court, and such instrument, document or paper as aforesaid shall not be competent evidence in any Court."

It is, therefore, necessary for every check to have a stamp placed on it before it is presented for payment, and no one is authorized to do this except the man who writes it. A merchant out in the state who pays for a bill of goods or makes a settlement by check is the one who must, under the law, put the stamp on the check.

A failure to do this subjects the party to a fine of not more than \$100.

## READY TO FIGHT.

All of Gen. Shafter's Troops Are Now on the Soil of the Island of Cuba.

## THE LANDING COMPLETED THURSDAY.

The American Soldiers Will Now Push Forward Aggressively, Driving in the Spaniards.

It is Believed in Washington That the Enemy Will Make Their Strongest Stand Close to Santiago De Cuba and the Inner Harbor.

WASHINGTON, June 24.—Secretary Alger and Gen. Miles were in conference in the city at 4 o'clock Thursday afternoon following the first Madrid bulletin announcing that fighting had begun was shown to them. The secretary read it aloud with evident satisfaction and both of them expressed themselves gratified with this favorable report coming as it did from the enemy. There was no surprise that the fighting had begun so soon. It was suggested by the reporter that the troops had completed their landing only Thursday morning.

"Yes, but they have gone there to fight and are ready to begin at once," replied Gen. Miles. Secretary Alger said no word had been received up to that hour indicating that fighting was in progress. He had no reason to doubt, however, that our troops had encountered the Spanish forces and had given good account of themselves. He commented on Adm. Cervera's cable that the situation was "critical" and that the Spaniards had been obliged to retire, as in strange contrast with Madrid's claim of "glorious victory." Gen. Miles said that the American troops would now push forward aggressively, driving in the Spanish and forcing them to fight. There was not a suggestion of apprehension or doubt, either with Secretary Alger or Gen. Miles as to what the outcome would be. They had made their plans well and they were confident Gen. Shafter and his troops would be long at the gates of Santiago before long.

The impression here is that the Spaniards will make their strongest stand close to Santiago and the inner harbor within the range of protection of the guns of the big Spanish cruisers lying there. There is no doubt that until these ships are removed from the field of operations the campaign against Santiago will be a desperate one. The guns of the ships command the hills over which our soldiers must come to attack the town and reach the bay, but we will soon have our own artillery in position. The naval officials here believe that when the time comes for an attack by land upon the town Sampson will force his way into the harbor and take part in the engagement. They are not completely block the channel, and say if Sampson does not come in the Spanish fleet is likely to make a desperate effort to get out.

As to be considered in such case, but it is believed that once Morro castle is taken by the combined attack of the soldiers and fleet, these obstructions can be easily removed with the experienced garrison in Guantanamo bay. The only positive news coming to the war department up to the close of office hours was a dispatch to Gen. Miles from one of his staff officers with Gen. Shafter, and also a brief dispatch to Gen. Greely from Lieut. Col. Allen. Gen. Miles' dispatch stated in substance that the landing of troops had been completed without any casualties save to one Cuban soldier who had his arm injured by the bursting of a shell. The troops of Garcia and Rabi, about 4,000 in number, had met the Americans with enthusiastic greetings. Stress was laid upon the point that the Cubans were well armed and well disciplined. Gen. Garcia was confident that his forces would be swelled to 10,000 men as soon as Santiago falls. About the only need among the Cubans was shoes and quinine.

Will Use Postage Stamps. WASHINGTON, June 24.—The secretary of the treasury has decided to make temporary use of postage stamps for internal revenue purposes under the new revenue act, and Thursday the first lot of about a million was delivered for shipment to collectors. It is estimated that about 25,000,000 postage stamps will be required to meet the needs of the service until the regular issue can be furnished in sufficient quantities.

Final Closest Shot. GALESBURG, Ill., June 24.—A cloud-burst near Altoona, a few miles northeast of Galesburg, Thursday, caused the death of John Hubbell and Mrs. N. A. Anderson. They were on a track, walking out the Burlington railway tracks and flooding the country for miles around. The yards of the Galesburg Vitified Brick Co. were damaged and there was much injury to crops.

Camera on the Way to the Philippines. WASHINGTON, June 24.—A dispatch from Madrid says Senator Sagasta informed the chamber Thursday that Camara's squadron was on the way to the Philippines.
